

Astral Oppression pt. 4

-by B. Edwards

"I'm the closest you've ever been  
to a higher life form"  
I heard the female sounding voice  
say to me tonight

and this is quite in character  
for this particular voice  
that I've been hearing  
for the last five years

I've heard a lot of talk  
about how these beings  
are superior  
how they are higher than me

when I question them  
about the sadistic voices harassment  
it's usually something like  
"we don't give a shit"

to them it would seem  
sadism is pretty acceptable

for them it's a non-issue  
my complaints  
are the mere gripes  
of a life form  
that is not superior  
that is not higher

this caste system  
is unseen  
but it can be heard sometimes  
if you go around  
experimenting with voice recorders  
opening doors for the superior ones
